OFFICE OF LEGISLATIVE COUNSEL

Friday - 4 October 1963

STAT 1. (Unclassified - GLC) Picked up from the office of Senator George A. Smathers, a caustic letter which the Senator received from [redacted] Senator Smathers' office does not propose to reply to this letter but is forwarding it to us for our information. They would like to know, however, something about this individual. STAT This is being sent to [redacted]

2. (Unclassified - GLC) Talked with Mrs. Ronca, in the office of Senator Hugh Scott, concerning a letter which the Senator had received from a constituent. The letter enclosed a copy of a news clipping on Senator Church's inability to have a letter delivered to the Director some time ago. I advised Mrs. Ronca that the press reports of this situation were grossly exaggerated, that this was not considered serious by the Senator and indicated this could be confirmed with Mr. Ward Hower, in the office of Senator Church. Mrs. Ronca said she would have no difficulty in handling this item and thanked us for dropping by.

STAT 3. (Internal Use Only - PJC) Picked up a personnel letter from Senator Dodd to the Director which I brought forthwith to the Director's office.
